INSTALLATION

- 1) Your music system plugs into your telephone system's external music source via a PHONO (RCA) adapter or a MINI adapter. Depending on the type of telephone system you have, your external music source jack will be located either on the main KSU/PBX unit or on the telephone itself.
- 2) Connect the enclosed MINI adapter to the EARPHONE JACK located on the CD player. Then, if necessary, attach the MINI adapter to the end of the PHONO adapter. Insert the adapter into your telephone system's external music jack.

WARNING: If your telephone system is not adapted for music-on hold or if you are having difficulty locating the external music source jack, contact the company that installed your telephone system for assistance.

OPERATION

- 1) Insert the compact disc into player. **CAUTION:** Make sure the CD label is facing up.
- 2) Depress the PLAY button.
- 3) Rotate the VOLUME switch to achieve desired level.
- 4) Depress the REPEAT/ENTER button - SONG 1, this is your on-hold message.
- 4) Make a test call. Put yourself on hold and adjust the volume as necessary. **NOTE:** To avoid distortion, do not turn your volume level to maximum.
- 5) Your installation is now complete.

MAINTENANCE

Periodic cleaning of the lens will ensure high quality reproduction of program material and trouble-free operation. The unit should be cleaned every 5 - 6 months of operation.
